Managing Digital Coupons

www.beekond.com

Mobile engagement with **mobile coupons** gives new and important opportunities for marketers!

Catch your audience

Capture your customer's attention when they come in to your shop and send them straight away a personalized discount coupon.

Target Audience

Track customers' movement into your store.

Fidelity Card

- More leads in a short time
- Fidelity Card always with your clients by their phone.
- Sending the Fidelity Card has never been so easy and fast through Social Networks.
- Immediate loyalty.

Beacon & Coupon

Create special offers for your customers, offering what they are looking for! Create promotion your clients needs at a specific moment for an engaging shopping experience.

**“The right content,
in the right place,
at the right time!”**

POS Integration

You can integrate our Beekond Digital Coupon directly on your POS system.

Coupon Distribution

We can send Digital Coupon in one click! Distribute them through marketing channels (email, sms, WiFi, social networks).

Wallet

Tap into millions of iOS and Android users who now use Apple Wallet and Google Wallet systems to manage their digital offers.

Statistics

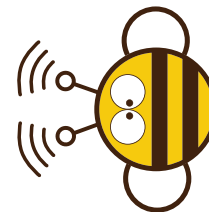

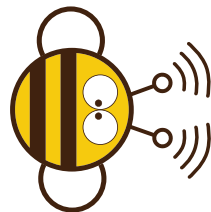

- Monitor your mobile marketing campaign real-time.
- Improve your sales and business thanks to analytics.
 - View the exact total of scans, validations and claims, daily, weekly and monthly.
- Find out where your customers claimed their coupons on Google maps.

Customize

We can create custom mobile coupon vouchers template, integrated with all social media channels.
